

LC VENDING LIMITED

Environmental Policy

LC Vending Limited is committed to minimising the impact of its activities on the environment.

In order to accomplish this, LC Vending will:

- Minimise waste and fuel usage by evaluating operations and ensuring they are as efficient as possible.
 - Making operator delivery routes as fuel efficient as possible, whilst maintaining a realistic amount of work.
 - Using high capacity machines to minimise filling visits.
 - Internal van layouts to accommodate all hot drinks, cold drinks and cold foodstuffs in order for one van to service a complete site, saving multiple visits.
- Actively promote recycling both internally and amongst its customers and suppliers.
 - All our cardboard is recycled, either through a traditional pick-up recycling service or we will drop off at our local depot if our operator routes take us near.
 - Recycle cardboard by giving boxes free of charge to small local businesses.
 - Leaf tea and coffee grind waste used as compost in our gardens.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
 - Rainforest alliance certified coffee in our operated machines.
 - Rainforest alliance certified tea in our operated machines.
- Meet or exceed all the environmental legislation that relates to the Company.
 - Educate all our employees and contractors so that they are fully aware of and responsible for all processes and materials in their possession.
 - Offer our employees and visitors a safe, hygienic and attractive environment and improve the visual appearance of our operations by landscaping and proper maintenance of buildings.

This policy will be reviewed yearly and amended if necessary.
